

AMMS OWNER/DIRECTOR POLICY

I (name of Owner/Director)

as the Owner/Director of

(Company Name)

understand, and am committed to following the requirements of the AMMS management system through a properly planned and executed program in accordance with Western Australian Heavy Vehicle Accreditation.

(Company Name)

is committed to ensuring that all loads transported by

(Company Name)

are loaded according to appropriate and proven load plan and methods, meet statutory and regulatory requirements and ensuring vehicle combinations are within Mass limits.

This AMMS management program is structured on, and adheres to, the requirements of Main Roads WA Accreditation and includes verification that each and every load is loaded correctly in accordance with the documented loading plans.

It is my responsibility to ensure mass and axle weights are correct on each and every load, within limits and recorded.

It is my responsibility to ensure I complete the AMMS Loading documentation and report and record any non compliances or potential non compliances.

It is my responsibility to ensure I participate in training and education programs provided to ensure I am competent in the AMMS Loading requirements.

It is my responsibility to ensure Quarterly, Annual and Random Internal Audits of all aspects of our Accreditations and Records are completed.

Signed:

Owner/Director
