

## Driver/Operator Maintenance Policy

I, (driver/operator name) .....

as an employee of

(company name) .....

understand, and am committed to maintaining a safe, reliable and roadworthy vehicle through a properly planned and executed maintenance program in accordance with Western Australian Heavy Vehicle Accreditation.

I will only use vehicles belonging to others that are accredited vehicles covered by a Maintenance System meeting Western Australian Accreditation requirements.

This maintenance management program is structured on, and adheres to, the requirements of Main Roads WA Accreditation and the NHVAS scheme and includes a start-up procedure, daily vehicle check, planned services, regular roadworthiness inspections and effective fault reporting and rectification.

The procedures outlined in this manual are a true account of

(company name) .....

Maintenance practices.
